

CALL FOR PAPERS

CONFERENCE COMMITTEES

Conference Chair
Yunliang Jiang
Zhejiang Normal University, China
Sam Kwong
Lingnan University, China

General Chairs
Hua Wang
Victoria University, Australia
Qing Li
The Hong Kong Polytechnic University, Hong Kong, China
Jian-Min Yong
University of Southern Queensland, Australia

Program Organizing Chairs
Xiao-Min Hu
Guangdong University of Technology, China
Zhi-Hui Zhan
Nankai University, China

Technical Program Chairs
Xin-Yuan Zhang
Jinan University, China
Ying Lin
Sun Yat-Sen University, China

Local Chairs
Yong-Feng Ge
Victoria University, Australia
Yu-Chu Tian
Queensland University of Technology, Australia
Siuly Siuly
Victoria University, Australia

Publication Chair
Wei-Jie Yu
Sun Yat-sen University, China

Workshop Chair
Kunjie Yu
Zhengzhou University, China

IMPORTANT DATES

31 October 2026
Paper Submission Deadline

15 November 2026
Notification of Acceptance

1 December 2026
Final Paper Submission &
Registration Opens

SUBMISSION

- US Letter, double-column, single-spaced, 10 pt
- Nominal 8 pages; up to 2 extra pages allowed with overlength charge
- OpenReview online submission
- Accepted papers must pass PDF eXpress checking

The Fourteenth International Conference on Machine Intelligence Theory and Applications (MiTA 2027) provides an international forum for researchers and practitioners to present and discuss recent advances in machine intelligence theory and applications. The conference will feature plenary talks, regular technical sessions and focused special sessions. We invite original contributions that present fundamental methods, novel theories, and real-world applications across the full spectrum of machine intelligence.
Online participation/presentation is available for authors unable to attend in person due to visa issues. We look forward to your contributions and to welcoming you to Australia in 2027.

ARTIFICIAL INTELLIGENCE & MACHINE LEARNING

- Artificial intelligence
- Machine learning theory
- Machine learning algorithms
- Reinforcement learning
- Recommendation systems
- Classification
- Clustering
- Related topics

NEURAL, GENERATIVE & FUZZY INTELLIGENCE

- Neural networks
- Connectionist theory
- Neurodynamic analysis
- Autoencoders
- CNN models
- RNN models
- Generative models
- Fuzzy systems
- Fuzzy clustering
- Fuzzy classification
- Fuzzy decision-making
- Large models and generative AI
- Related topics

EVOLUTIONARY COMPUTATION &OPTIMIZATION

- Evolutionary computation
- Theory of EC
- Hybrid EC approaches
- GPU-EC
- Evolutionary transfer optimization
- Multi/many-objective optimization
- Constrained optimization
- Data-driven EC
- Distributed EC
- Large-scale optimization
- Related topics

VISION, LANGUAGE & MULTI-AGENT SYSTEMS

- Computer vision
- Image processing
- Natural language processing
- Multi-agent systems
- Intelligent-system applications
- Real-world intelligent applications
- Related topics

ALGORITHMS, COMPUTING THEORY & SECURITY

- Algorithm design
- Data structures
- Streaming algorithms
- Parallel algorithms
- Formal languages
- Database theory
- Computational complexity
- Cryptography
- Theory of security
- Network security
- Related topics

SPECIAL SESSIONS

We welcome proposals for special sessions within the conference scope. Proposals should include the session title, scope and motivation, and the organizers' names and contact information. Please see the conference website for detailed instructions.

SUBMIT YOUR PAPER BY 31 OCTOBER 2026

Visit MITA2027.COM for submission links, templates, and updates.
